

We are looking for a trainee representative to join our next conference organising committee. The meeting will be held at SEC in Glasgow, 21-23 June 2023.

You can read about our multidisciplinary committee, and the wider work of our charity here: <https://sympmamm.org.uk/>

The committee meets 4 times a year - lately via video call, but previously (and hopefully soon) face-to-face in London.

Expenses will be covered, both for the planning meetings, and for the conference itself.

If you are a radiology trainee with an interest in breast imaging and would like to help shape the programme, as well as join us in running the conference, please let us know! Send a brief personal statement (200 words or fewer) by 2 June 2021 for the Trustees' consideration to [andrew@sympmamm.org.uk](mailto:andrew@sympmamm.org.uk)

The Trustees will advise of the outcome by 23 June.

Dr Sarah L Tennant

*Chair of 2023 Organising Committee*
